MISSION AND VISION

At the New Jersey Council for the Humanities, we harness the power of the humanities to strengthen our pluralistic society.

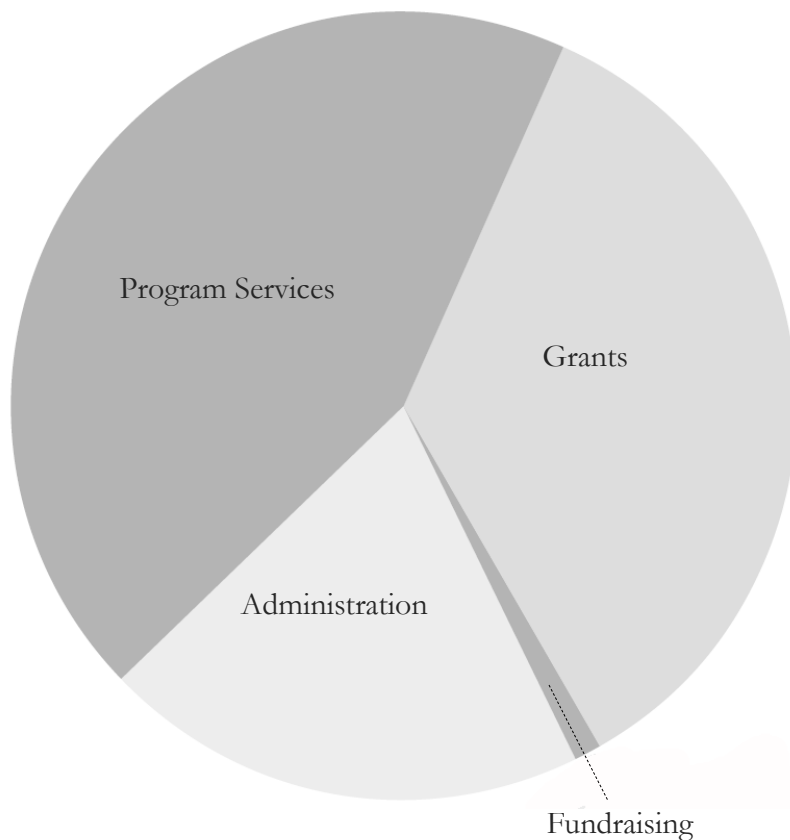

Our vision is a New Jersey that delights in diversity, appreciates that there are no easy answers, and finds joy and understanding in the humanities.

HOW DO WE WORK?

By enabling public programs and humanities experiences that deepen our understanding of ourselves and our world.

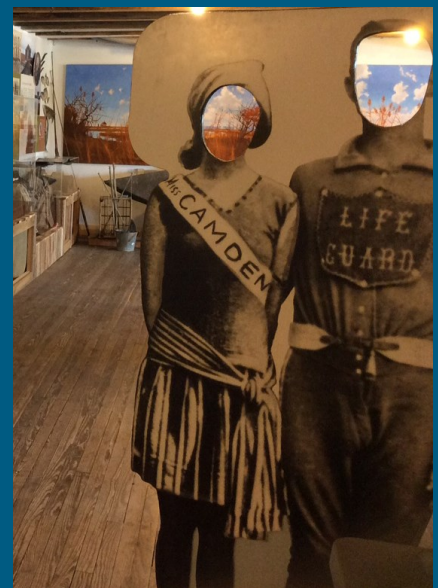

NJCH is a grantmaker, program provider, partner, convener, and innovator. We work with statewide and community organizations to bring dynamic programming to the local level.

Everything that Rises, an exhibition and public program series at the Visual Arts Center of New Jersey, utilized the artwork of Casey Ruble to generate dialogue on race relations in the U.S. The artist creates contemporary images of local sites with historical connections to the Underground Railroad and the Civil Rights Movement. The project received support from a NJCH Major Grant.

Play on the Baysore, an exhibition and public program series at the Bayshore Center at Bivalve explored how work and play are closely intertwined with each other in New Jersey's Delaware Bayshore. The project received support from a NJCH Major Grant.

“ I work at a small public library which serves an active and engaged community. NJCH grants and programs allow us to expand the scope of what we can offer to residents. The programs we have developed through NJCH funding have been enthusiastically received by our local community. Such support, if curtailed, would be noticed and missed by the taxpayers who frequent our library. ”
